OPEN HOUSE ON JUNE 6 AT MOSES MASON HOUSE

The Moses Mason House will be open to the public for the first time on Thursday evening, June 6, from 6:00 to 7:30. Many people from Bethel and surrounding communities have expressed interest in the project since its inception, and for this reason the Trustees have decided to hold Open House in lieu of the regular June meeting of the Bethel Historical Society. Naturally the furnishing of the Moses Mason House and the installation of objects in the Museum are far from complete; it will take many more months to give the Museum the appearance of an established institution and to give the House an authentic lived-in look of the days of Moses Mason. However, a great deal of work has been done and a considerable amount of progress has been made. Come and see it on the sixth of June.

YOU ARE INVITED

On Sunday, June 2, 1974, there will be Open House and Program honoring Miss Helen Varner at Telstar Regional High School Cafeteria starting at 2:00 p. m. All former students and friends are invited to attend.

Miss Varner is retiring after 43 years of teaching—most of these years in the Bethel area.

An effort has been made to contact as many former students of Miss Varner as possible. It is hoped that many will be attending this memorable event. Anyone who is unable to attend and wishes to send their greetings should send them to Mrs. Mary Jane Gaudreau, Ethel Bisbee School, Bethel, Maine 04217.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The town office has been notified that the County Commissioners at their meeting held Tuesday, are going to lay out a road across the land of Donald Holt at East Bethel. This action results from a request made by Danny Long for a road to serve property he purchased and has started to erect a house on.

The selectmen investigated the situation and found there apparently was no official action taken to establish what was considered by many to be a town road. The Commissioners acted upon petition of Mr. Long and the Town to clarify what the Town will have for a right of way.

After the Commissioners survey and establish what they feel should be the official road, the Town will have to construct and maintain it.

The Planning Board will meet Thursday night at 7:30 in the Town Office to discuss shoreline zoning. The State will have rules which become effective July 1 if the Town does not adopt an ordinance of its own. A combination of rules used by the State and what some other communities have adopted will be reviewed by the Board at their meeting.

S. A. D. 44 BOARD TAKES ACTION ON DRIVER EDUCATION AND GRADE 1 ISSUES

The S. A. D. 44 board of directors met in regular session in the Lecture Hall at Telstar Regional High School on Monday evening of this week.

A large contingent of area citizens was present to present their views on driver education at Telstar, and the grade one situation in the Bethel schools.

It had been ascertained that it would not be possible to provide a program in driver education as approved by the board at their May 6 meeting, providing for a self-sustaining program this summer. It had been learned that students participating in the program could not be charged more than the fees were in 1973. It was the apparent consensus of the group that a summer program should be approved with any excess over 1973 fees being assumed by the district and a program be established for the 1974-75 school year. The belief was that having only a school year program would result in many students by-passing the offering because of conflicts with curricular and extra curricular activities.

With regard to grade one in the Bethel schools, it was strongly felt that a third instructor was necessary because of the projected class size in the present two divisions of the grade in 1974-75. It was believed that a third teacher would result in more advantageous class sizes (about 17 in each division).

Following a vote to rescind the May 6 action establishing a self-sustaining summer driver education program, the board authorized a program for the summer of 1974 providing that the difference in the average per pupil cost of the summer of 1973 and the estimated per pupil cost of 1974 will be provided from district funds.

The directors also authorized the establishment of a driver education course as part of the regular curriculum at Telstar for the 1974-75 school year.

The board approved the establishing of an additional division of grade one at the Ethel Bisbee School for 1974-75, and authorized Superintendent Basil Kinney to take all necessary action for its implementation.

The directors approved a program to encourage 18 year-old students at Telstar to register and vote. Richard McCann, Chairman of the Social Studies Department, will select interested students to obtain registration and enrollment cards from each of the towns in the District. The

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

Rising today at five-thirty, I found this world as still as if the winds had never been created. The whole landscape was immersed in quietness. Under a lovely sky, and increasing eastern light, no leaves stirred and no wandering air moved. The grasses were still heavy with last night's rain. The pond was all one calm peaceful reflection of early morning blue.

Then as I stood in the doorway looking down the valley the thrushes started singing from the woods. Their clear notes liquid and sweet were outwelling with joy. From across the pond came the pumping song of the Bittern, a slow oong-ka-choonk-oong-ka-choonk, its bill pointed skyward. Across the light and silence, clear and challenging, the sound pierced the day.

As we ate breakfast other birds appeared. The swallows put on a display of aerial acrobatics. It was delightful entertainment as they went whirling and skimming over the water. Occasionally they shattered the mirror to fragments as they plunged their breasts into the water. Each seemed possessed with a frenzy to out do the other. Although there are several bird houses they all want the same one.

A hawk began to call kaa-kaa-kaa and I looked high overhead to see a great dot against the sky circling, just floating without a wing beat.

At our shore a few ducks came from the reeds. They swam about upending grotesquely from time to time to feed on something on the shallow bottom.

A ripple now came to the waters; the wind was rising.

At six in the morning when a new day is starting there is always something to discover, especially in Maine.

Summer is at last arriving and the world is again filled with pleasant air.

Trees are not yet fully dressed but some are clothed in green. Within, upon, and above the earth life stirs. Perhaps upon this scene there is nothing more eager than the birds. There are so many one can never tell what he will see. My new ones this week are the black and white warbler, Myrtle warbler, rose breasted grosbeak, Baltimore oriole, American gold finch, a crested flycatcher with his loud whistled whirr! and the catbirds with disjointed succession of notes and phrases.

Wondering what the pond's edge would have to show I went walking along the shore. I listened to the waves tumbling in over drowned stones then striking the higher ones. The miniature waves as they lashed and skinned were like spring water clear and bright.

Nodding in the breeze against a group of liddleheads was a red trillium with all its parts in 3's, all accented but pretty. Our first show of wild flowers has begun. Sweet white violets lifted their heads where ferns were uncurling. The wild oats or little merry bells are out with tiny like blossoms drooping suddenly beneath curving stems.

I found the spring beauty was skirting the woods. The blood root is a spotless beauty. Its transitoriness enhances its charm. The snowy petals fall from the golden center before one has time to grow satiated with its perfection. Unless watched for carefully they may escape us altogether. A couple of sunny warm days hastens them to maturity, then a wind shatters their loveliness.

Some people call me OLD GLORY
... some call me the STAR SPANG-
LED BANNER. Whatever they call
me, I am YOUR FLAG ... the Flag
of the United States of America!

But, something's been bothering
me ... so I thought I might talk
with you ... because it is about
YOU and ME.

I remember, some time ago, peo-
ple lined up on both sides of the
street to watch the parade, and nat-
urally I was leading every parade,
waving proudly in the breeze!

When your Daddy saw me com-
ing, he immediately removed his
hat, and placed his hand directly
over his heart ... Remember?

And I remember you ... stand-
ing there straight as a soldier! You
didn't have a hat, but you were giv-
ing the right salute. Remember little
sister? Not to be outdone, she was
saluting the same as you ... with
her right hand over her heart ...
Remember?

What happened? I'm still the same.
Old Flag! Oh, I have a few more
stars since you were a boy; a lot
more blood has been shed since those
parades of long ago; but, NOW I
don't feel as proud as I used to ...

When I come down the street ...
you just stand there with your hands
in your pockets, and I may get
a small glance and then you look
away ... Then I see the children
running around and shouting ...
They don't seem to know who I am
... I saw one man take his hat
off, then look around; he didn't see
anyone else doing it, so he quickly
put his back on.

Is it a sin to be patriotic any-
more? Have you forgotten what I
stand for ... and where I've been?
... Anzio, Guadalcanal, Korea, and
now Vietnam. Take a look at the
Memorial Honor Rolls some time
... the lists of those who never
came back in order to keep this Re-
public FREE ... One Nation Under
God ... When you salute me, you
are actually saluting them!

Well ... it won't be long until I'll
be coming down your street again.
So, when you see me ... STAND
STRAIGHT, PLACE YOUR RIGHT
HAND OVER YOUR HEART ... and
I'll salute you by waving back ...
YOU REMEMBER!

And Remember, too ... Display
and Salute your Flag on June 14—
Flag Day!

LETTER TO THE EDITOR

May 21, 1974
Bethel, Maine

To the Editor:
As a candidate for election from
District #63 to the Maine Legisla-
ture, I would like to take this op-
portunity to express to the voters
my feelings on two issues of cur-
rent concern.

Last week end, during the late
hours of Maine Democratic Con-
vention, after a great many of the de-
legates had departed for their homes,
a small but organized group of de-
legates were successful in having in-
cluded in the Democratic Party
Platform, support for homosexu-
ality and amnesty for draft evaders.
As a delegate, I was present at the
time both issues were presented
to the convention. I voted to oppose
both plank.

I feel compelled to inform the
voters of my opposition to both items
and to disavow these two parts of
the Maine Democratic Platform.

Emily C. Saunders,
Candidate for
Legislative District #63

NORTHWEST BETHEL

Mrs. Louise B. Chapman, Corres. — deferred

Oh, do we dare hope the good father will last? A good day now like a light at the end of a tunnel. A breath of fresh air. An oasis in the desert. Christmas in May. So say it.

The best thing about the warm days is the feeling of freedom, the feeling of coming out of hibernation. It's a free feeling to be able to run outside, forgetting about such things as boots, heavy coats, and gloves. It's a free feeling to be able to run across an open field, or to play softball on a Sunday afternoon. You live in a place, as I do, where coming of spring really is like coming out of hibernation.

Mrs. Myrtle Lapham and Mrs. Fred Chapman attended Senior Luncheon on Tuesday. They met at the River Inn.

Mr. and Mrs. Lawrence Thurston are out repairing their fences on today. Mr. McDougall had a garage opening day recently. When Laban returned Sunday afternoon, being gone a few days on a business trip.

MAGALLOWAY & WILSON'S MILLS

Mrs. Bertha West, Corres. — deferred

We had a thundershower Wednesday night but very little rain. The ice went out of Aziscoos Lake and Mr. and Mrs. Claude Bell Jr. went up to their camp for a day or two.

Ms. Helen Hart who has spent winter in Gorham, Maine, returned to her home in Magalloway, today.

It rained all day Friday here, so the ground won't get dried out while for plowing.

The smellers are really traveling now. They opened the gate up to the lake that way.

We are having a real change. Instead of snow machines we have back of cars.

Mr. Johnston remains about the house in intensive care at the Colebrook Hospital. We all wish her speedy recovery.

Mr. and Mrs. Glen White went to work Wednesday and took Carol Hart who is in a boarding house to Lancaster to have her eyes checked. She had the misfortune to fall and break one of her lenses.

Ms. Laura Roberts was hostess to a Party one day last week. The Bernier of Upton who is a contractor, was there. The next will be at Effie Kenney's home.

Borrow Money for 9%!

Yes, we'll cut "Money-Manager's" ANNUAL PERCENTAGE RATE to 9% when you add our new "Nestegg Savings" option.

First, what is "Money-Manager"?

This comprehensive banking package is actually a combination of three accounts.

Temporary Savings	FREE Checking	Loan Account
-------------------	---------------	--------------

1. A savings account for temporary savings that lets you move money in or out, every day if you wish, without ever losing a penny of interest you have earned.
2. A FREE "no strings" checking account, with free standard checks.
3. A loan account that lets you decide when to borrow and for what purpose. This account gives you a personal line of credit that can be as much as 40% of your yearly income up to a maximum line of \$10,000.

How the basic plan works

The plan revolves around one fixed monthly "payment" which is deducted automatically from your checking account every month. Your "payment" will be 1.40% of your total line of credit in your loan account. Therefore, like your credit line, your "payment" is also based on your income.

Temporary Savings	FREE Checking	Loan Account
-------------------	---------------	--------------

Your monthly "payment" is used to reduce your loan balance if you are in a borrowing position, or it is added to your temporary savings account balance if you are still building up cash for upcoming major expenditures, such as your real estate taxes.

How much does it cost to borrow under the basic plan?

When you borrow from your "Money-Manager" loan account, you're charged an ANNUAL PERCENTAGE RATE of 9.6%, and money is advanced automatically to your checking account in multiples of \$100.

BASIC PLAN EXAMPLE:

Assume an annual income of \$12,000

Maximum loan limit \$4,800

Basic monthly "payment" \$120

Cost of borrowing 9.6%

Temporary Savings	FREE Checking	Loan Account	NEW OPTION Nestegg Savings
-------------------	---------------	--------------	-------------------------------

Now, the new "Nestegg Savings" option

This is an optional systematic savings plan that helps you accumulate a minimum of 20% of your "Money-Manager" line of credit for some future use — a true nestegg which will equal about one month's salary for most people.

Every month, we deduct from your checking account an additional amount equal to 1/6 of your "basic" Money-Manager "payment". This is kept separate from your temporary savings by depositing it in a 90-day notice investment sav-

ing and enjoy an actual yield of 5.65% due to daily compounding.

How the "Nestegg" option reduces your cost of borrowing to 9%

If you can deposit your minimum goal at the outset, your cost of borrowing drops promptly to an ANNUAL PERCENTAGE RATE of 9.0%.

But even if you choose to build your "Nestegg Savings" goal gradually at the minimum monthly rate of 1/5 of your "basic" Money-Manager "payment", your cost of borrowing drops to an ANNUAL PERCENTAGE RATE of 9.3% the moment you add this option. When you reach your goal, your borrowing cost, of course, drops even further to an ANNUAL PERCENTAGE RATE of 9.0%.

EXAMPLE WITH OPTION:

Assume an annual income of \$12,000

Maximum loan limit \$4,800

Basic monthly "payment" \$120

"Nestegg" goal \$960

"Nestegg" monthly deposit \$24

Cost of borrowing before goal is reached 9.3%

Cost of borrowing after goal is reached 9.0%

Some precise legal information you should read

There is no charge for the availability of credit. You pay only when you borrow. Then, a FINANCE CHARGE is applied to the average daily balance in your loan account. This charge is figured at the periodic rate of .8% per month which is the equivalent of an ANNUAL PERCENTAGE RATE of 9.6%, without the "Nestegg" option. With the "Nestegg" option, the periodic rate drops first to .775% per month which is the equivalent of an ANNUAL PERCENTAGE RATE of 9.3%. Upon reaching your "Nestegg" goal, the periodic rate is reduced to .75% per month or the equivalent of an ANNUAL PERCENTAGE RATE of 9.0%.

Your average daily loan balance is figured by totaling your average daily balances for each day of the month and dividing by the number of days in that month.

If you qualify for this plan, the loan agreement you will sign will set forth your rights and obligations and those of the bank. You should read this agreement carefully before you sign it. Copies of the agreement are available for your information.

Withdrawal from your "Nestegg Savings" requires a 90-day notice. Should you have to withdraw without sufficient notice, the law requires that you forfeit 90 days' interest on the amount withdrawn. Furthermore, should you withdraw or decide to delete the "Nestegg Savings" option prior to reaching your goal, or fail to maintain your goal, the ANNUAL PERCENTAGE RATE on your borrowing reverts to 9.6%.

MILLETT - REDMAN

On Saturday, April 6, the Bryant Pond Universalist Church was the setting for the wedding of Miss Susan Jayne Redman and Craig Robert Millett. The bride is the daughter of Mr. and Mrs. Samuel Redman of Bryant Pond and the groom is the son of Mr. and Mrs. Arthur Millett of East Stoneham.

Rev. Robert C. Sallies, Norway, performed the double ring ceremony, at which the bride's parents gave their blessing for the marriage. Mrs. Vesta Nelson of East Stoneham was organist.

The bride wore a long, full skirted gown of dotted swiss over satin. Lace formed the collar and trimmed the yoke and the cuffs of the long sleeves. She carried a bouquet of long stemmed red and white roses. Her hair was caught at the back with a cluster of white and red sweetheart roses.

Miss Karen Page of Bethel was maid of honor. She wore a long, blue gown and carried a single blue rose. Her hair was styled similarly to those of the bride and was accented with a cluster of blue sweetheart roses.

Ms. Lorraine Cross of Bethel, sister of the bride, and Miss Beverly McAllister of North Waterford were bridesmaids. They wore similar gowns of yellow and pink gingham. Each carried a single rose and wore a hairpiece of sweetheart roses to match the color of her gown.

Best man was Edward Millett, brother of the groom. Gary Millett, also a brother of the groom, and Bill Lord of North Lovell were ushers. Church bells were rung by Ray Van Fossen as the bridal couple left the church.

Following the ceremony, a reception was held at the Legion Hall at Locke Mills. The wedding cake, made by Mrs. Merle McAllister of North Waterford, was cut and served by Mrs. Carolyn Heino, aunt of the groom. Miss Ginny Smith and Miss Linda Pike, both of Norway, attended the gift table. Several relatives and friends helped serve punch and refreshments.

After a wedding trip through New Hampshire, the couple are making their home in Norway.

The Best Way To Save Energy
Is By Calling Your Oil Dealer.

Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.

FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.

FACT: most oil burners could use a quick inexpensive tune up that could save you 20% or more each year. Like all appliances, your oil furnace needs a little maintenance to run more efficiently. It will run cleaner too.

FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.
